A Word of Thanks From a Few of Our Customers

"A specialized veterinary clinic in Madison, Veterinary Specialty & Emergency Care is another "passion" of mine. These dedicated veterinarians deal with both dogs and cats, and have given me hope concerning health questions for my dogs when I did not believe there was hope. If you live in southern Wisconsin, I highly recommend their services for your beloved pets!"

Thanks so much to all of you for the great care you gave to Tigger and for keeping our Tigger a happy little boy that can walk again.

I wanted to give you an update and thank you for all the wonderful work you and your staff performed on Kazan. You getting him in right away saved him from being put down. In my wildest dreams, I would have never have believed that he would have ever been able to work full duty again let alone continue on years later. Kazan shows no signs of slowing down; actually he still acts like a 3 year old.
